Framing the Charrette Discussion

An Overview for Planning Partners

© All Rights Reserved, 2012

Find us at:
www.bqAZ.org

Charrette Objectives

- Identification of the universe of visionary inputs to create fiscally unconstrained transportation bundles
- Illustrative multimodal transportation projects to address long-range needs of the CPHX study area
- Identification of fatal flaws
- Refinement of multimodal transportation bundles

Slide 2

www.bqAZ.org

Charrette Outcomes

- Three preferred multimodal, fiscally unconstrained transportation alternatives
- Refined multimodal transportation alternatives to be further evaluated using TransModeler

Slide 3

www.bqAZ.org

Charrette Process

- Brief presentation to provide an overview of the study and review charrette objectives
- Facilitated small working groups
- Overview of small group ideas
- Identification of common themes

Slide 4

www.bqAZ.org

Things to Think About

- No bad ideas
- Potential solutions are fiscally unconstrained
- Solutions must be multimodal
- What are the long-range multimodal needs of your agency?

Slide 5

www.bqAZ.org

Post Charrette

- Bundling of multimodal transportation alternatives and illustrative projects
- TED process
- Evaluation of alternatives using TransModeler
- Sensitivity review

Slide 6

www.bqAZ.org

Bundle Evaluation and Creation Process

- How we go from a possible 10 alternatives developed to just a few bundles?
 - Identify common themes and divergent viewpoints from all alternatives
 - Develop affinity analysis
 - Identify fatal flaws
 - Create potential three bundles
 - Post charrette fine-tuning and TED process

Slide 7

www.bqAZ.org

Transparent Evaluation Determination (TED)

- TED Process

- Tier 1 Screening based on six Livability Principles

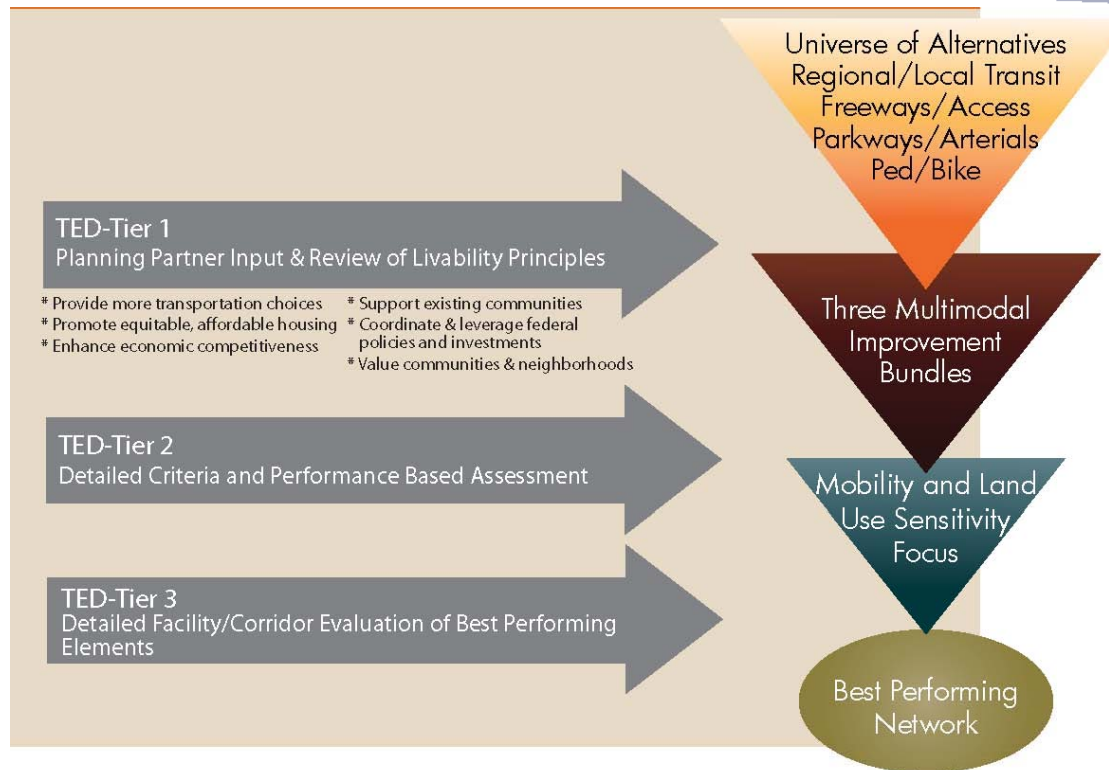

- Transportation choice
 - Equitable, affordable housing
 - Economic competitiveness
 - Support existing communities
 - Coordinate and leverage federal policies and investments
 - Communities and neighborhoods

Slide 8

Issues Identified to Date

- Phase 1 Outreach
 - Study recommendations
 - Policy recommendations
 - Mobility recommendations
- Population 8 Million Deficiency Analysis

Slide 10

www.bqAZ.org

Charrette Binder Materials

- Charrette overview
- Summary of issues
- Socioeconomic data and network performance
- Background maps
- Universe of potential improvement concepts
- Transit data

Slide 11

www.bqAZ.org

Your Role in Making the Charrette a Success!

- Study pre-charrette materials
- Come prepared with ideas and potential long term solutions
- Address the exercise from a regional perspective
- Think big and focus on innovation
